

# LET'S CARE

Date: 31.01.2020

Guide: Mr.T J Jobin

## 1. Project Overview?

The project entitled “**Let's Care**” is a web-based application. The main objective of developing the project let's care is find home nurses for registered users.

## 2. To what extend the system is proposed for?

This provides the user with information regarding home nurses and their specializations. Users can sort home nurses according to category and availability. The users add patients by filling a form by details about the patients. There after users can book those home nurses who are available and who can take care of patient who is in need. After booking the users get the confirmation from the home nurse itself. Then the user can make the payment by online. There will be variations in the pre-assigned salary when home nurses take leaves.

## 3. Specify the Viewers/Public which is to be involved in the System?

*1.what type of degree qualification would you prefer to select home nurse?*

*The qualification we prefer are Bsc nursing, general nursing, msc nursing and other medical related diploma courses*

2.What are the duties did you expect from the home nurse?

Duties we expect from the home nurse are to take full care of patients.

3.How long does home nurse care last?

There is no set length of time for home service. It can vary greatly based on a patient's unique needs. Some home nurse services may last for a few weeks, while others may be lifelong.

4. Can you only get home nurse service in a private residence?

No. Home care services can be provided wherever home is—a private residence, a senior living community, or while staying with a friend or family.

5. How do people pay for home nurse service?

It based on how many days they work.

6. Can we book more than one home nurse in a house?

Yes,it depends on number of patients.

7. Do you only provide home nurse service for older adults?

While the majority of our clients tend to be older adults, we serve clients of all ages.

8.Did you provide direct contact with users and home nurse?

Yes, if the users are paid they can view the contact details of home nurse.

9.How do you assign home nurse for a particular patient?

We assign home nurse according to patients requirements.

10.If a home nurse resign before the time period would you provide any remedy?

Yes, we provide another home nurse.
